Delegates Report 17/08/19

It continues to be a steep learning curve for me. I am continuing to study the traditions, concepts and service manual in attempt to be as prepared as possible for the conference in November.

I had the chance to experience my first “official” function as delegate at the regional forum in July and it was a positive one. I had the chance to meet several other delegates, including a couple new delegates like myself.

The last three months have been extremely busy for me but I am hopeful that between now and the end of the year I will be able to get into a new routine which will see me attending at least one new, out of my usual area, meeting each week. This should allow me to better engage with the membership throughout Area C and therefore help build awareness of the areas function as well as building unity and promoting participation in service at the area level.

I am looking forward to the conference in November and the opportunity to be of greater and greater service to the area and the fellowship as a whole.

In service
Adrian Horne
Delegate Area C

Newcastle District AA:

In recess

Port Stephens & Hunter District:

Tarro Young at Heart had yet another successful birthday meeting. The district office has been running for two years now with regular volunteers which keeps the office open Monday to Friday, 10.30am – 2.30pm. It was discussed at the last Port Stephens and Lower Hunter District meeting that the district will hold a PI event on the Friday evening of NEWYPAA. NEWYPAA has not got a date set yet. The district office may have to move as well but this is to be confirmed.

Yours in service,
Kati D

PI Report:

Brendan has volunteered to be the new PI coordinator and it was unanimously supported. There is a PI/CPC national forum in Chatswood on the 13th and 14th of September 2019.
